## HALLEY'S COMET AND HOW TO FIND IT

Prof. Hagerty, of the A. & M. College, Talks to Students.

Agricultural College, N. M., April 22.—At the general assembly on Thursday, Prof. Hagerty made a few remarks about the Halley comet which is attracting a good deal of interest among the students and others of the community. The professor says that at this time the comet is not very bright and that its tail is very short, but that it is easily visible to the naked eye between 8 and 9 o'clock in the morning.

The comet is about 15 degrees north of the planet Venus and rises a few minutes after that planet. From this time on to the 18th of May, the comet will be brighter and its tail longer, until on the 17th of May the tail will stretch all the way across the sky. On May 18 the comet will pass between the earth and the sun and from the 19th on will be visible in the evening instead of the morning.

After Prof. Hagerty finished his talk about the comet, Mitchell, of the chemistry department, made some announcements concerning the field day that the college is looking forward to. All arrangements have now been completed for the federation meet and the local meet is also arranged for. Kruger, one of the students who has had a good deal of experience in track work, has been appointed official coach and will have the men in hand from now until the big meet on the 7th of May.

One of the features of the local track meet is to be a series of relay races to be run between the different classes, or the different organizations in the institution or between any teams that care to challenge any other teams.

Prof. Lester, now of Mesilla Park, but for many years connected with the college as professor and registrar, delivered a talk on the college spirit. The professor's remarks were largely about the first athletics in the college. He related humorous stories about the old football and track teams. Prof. Lester states with confidence that the community and its business men are ready to do their part toward making the track meet and all other activities of the college successful.

Rev. Hunter Lewis has returned from his trip to Belen and San Marcial. The Round-trip was made in coming out this week, owing to the fact that a large part of the copy was lost in the mail.

**IMPROVING LAS CRUCES CATHOLIC CHURCH PROPERTY**  
Las Cruces, N. M., April 22.—Rev. M. M. Mandersma, pastor of the Catholic church, has set in order a very extensive improvement of the properties of the church. The priest's dwelling is being overhauled and will be rebuilt at a cost of \$2000, and after this is completed, the church edifice will undergo a change that will cost \$7000.

**HOMESTEADERS MAKING SETTLEMENTS FOR LAND**  
Las Cruces, N. M., April 22.—The homesteaders are coming to New Mexico in larger numbers than ever, as is shown by the report of entries for the past 30 days taken from the reports of the register and receiver at the United States land office at Las Cruces. Settlement is being made in all the six counties in this land district, but the Animas and Pecos valleys seem to be special points of attraction. The report is as follows:

Commuted homesteads ..... 1,000 acres  
Excesses ..... 60 acres  
Desert land entries ..... 3,875 acres  
Final homesteads ..... 10,915 acres  
Territorial selections ..... 640 acres  
Total ..... 39,375 acres

**MR. HOLT GOES EAST**  
IN INTEREST OF DAN  
Las Cruces, N. M., April 22.—Hon. H. B. Holt, president of the Elephant Butte Water Users' association, left last night for Washington to represent that association and the people of the Mesilla valley in the speedy beginning of work on and ample appropriation for the Rio Grande project. Mr. Holt will work jointly with R. F. Burges, of the El Paso Water Users, who has been in Washington several days.

## DEFENDANTS WIN SUIT IN THE ANTHONY CUTOFF CASE

Judge Mechem Renders Verdict in Favor of Three Saints Ditch Company in the Litigation.

Las Cruces, N. M., April 22.—Judgment rendered by associate justice Merrett C. Mechem, in the district court of the third judicial district, within and for the county of Dona Ana, in the injunction suit wherein the La Union

community ditch et al were plaintiffs and the Three Saints community ditch et al defendants, is favorable to the defendants, as is shown by the order which follows:

This action coming on to be heard upon order to show cause why the preliminary injunction granted in this action should not be made perpetual, and the court having heard the testimony introduced by both parties to this action, and the arguments of counsel, and being fully advised in the premises, doth find:

That the cut-off complained of by

## IOWA MAN WORTHY OF RESPECTFUL HEARING

For more than twenty years George Hyde has been a resident of Maquoketa, Iowa, where he enjoys the respect of the

entire community. When a man of Mr. Hyde's standing makes a statement, it is worthy of careful consideration. In a recent communication he says:

"After years of suffering from chronic stomach trouble, and trying nearly every known remedy, as well as treating with some of the best physicians in the country, I found myself a nervous wreck. My appetite was gone, and the little I did eat distressed me. I could not get a sound night's sleep, and arose in the morning feeling tired and worn out. My failure to secure relief discouraged me, and I began to feel that there was little hope of my ever again enjoying good health.

"Some time ago, however, I became interested in some newspaper articles dealing with the ideas and beliefs of L. T. Cooper. His theory that the stomach is responsible for the state of one's health, either good or bad, impressed me as being logical and induced me to give his New Discovery medicine a trial. The first bottle helped me wonderfully. I continued the treatment, and improved rapidly. Four bottles made me well. I am sixty years of age, and today feel younger and enjoy better health than in the past ten years."

Cooper's New Discovery is a boon to stomach sufferers. We sell it. Kelly & Pollard.

## The law won't let us make a larger cigar for a nickel—the law of quality. Any size is too big if the taste is wrong. No brand is right if you don't get the smoke you like; and the

## Henry George 5c Cigar

has the flavor. It's a mellow, rich smoke, made of well-matured tobacco, a blend of filler and wrapper that becomes a harmony the moment it is lighted. A value that five cents seldom gets—a full-size, full-made, solid, substantial cigar, which suits most men down to the last half inch. It stands in the first rank because it is never rank. Found in every case in town and a head in every case.

The Clubhouse is headed—the Perfecto is not
